

ST. RAPHAEL THE ARCHANGEL CATHOLIC CHURCH

“May St. Raphael be your companion on your journey.”

OUR PARISH

St. Raphael the Archangel Catholic Church is now home to more than 550 families. Construction of our new church continues and when completed, St. Raphael's, with seating for 900, will be a first-of-its-kind monument to resourcefulness, stewardship and creativity.

OUR PLAN

We have again hired the Steier Group, a Catholic development firm, to conduct another parish-wide feasibility study. The results of this study, to be presented to the parish in February, will guide us as we finalize our plan to finish the exterior and interior appointments of the new church this year.

OUR NEED

We need your involvement. As a growing parish community, you have an important voice in our future. This second feasibility study will allow us to gauge how much money we might be able raise to finish the new church, as well as identify parishioners to lead a fundraising effort. The future of St. Raphael the Archangel parish remains in our hands, and the future is very bright.
